

United Methodist Volunteer In Mission – Storm Relief

About 1 year ago, in April 2017, a flood impacted many areas in West Virginia. The rebuilding phase for this storm is well underway and the need for volunteers is vital for at least 1 more year. We are planning a trip to this area in April 2018.

Save the Date: April 1 to April 7, 2018

This is the week after Easter, and is a week off from school.

This will be a rebuilding trip, and is open to ages 14 -90. We are planning on a group of 15 or more. We will staying at a church and cooking our own meals.

All skills and all ages are needed. Yes, we will be doing construction, but meals will need to be prepared and errands will need to be run. These 'support functions' are key to the success of the trip and are critically important.

The cost for the trip will be \$200 covering food, transportation and a love offering to the group coordinating the relief effort.

Please reserve your place on this team by by March 15, 2018.
